

## Apex Mills Military Fabric Solutions

More and more military suppliers are turning to Apex Mills for the non-woven fabrics widely used by our armed forces, police departments and paramilitary groups.

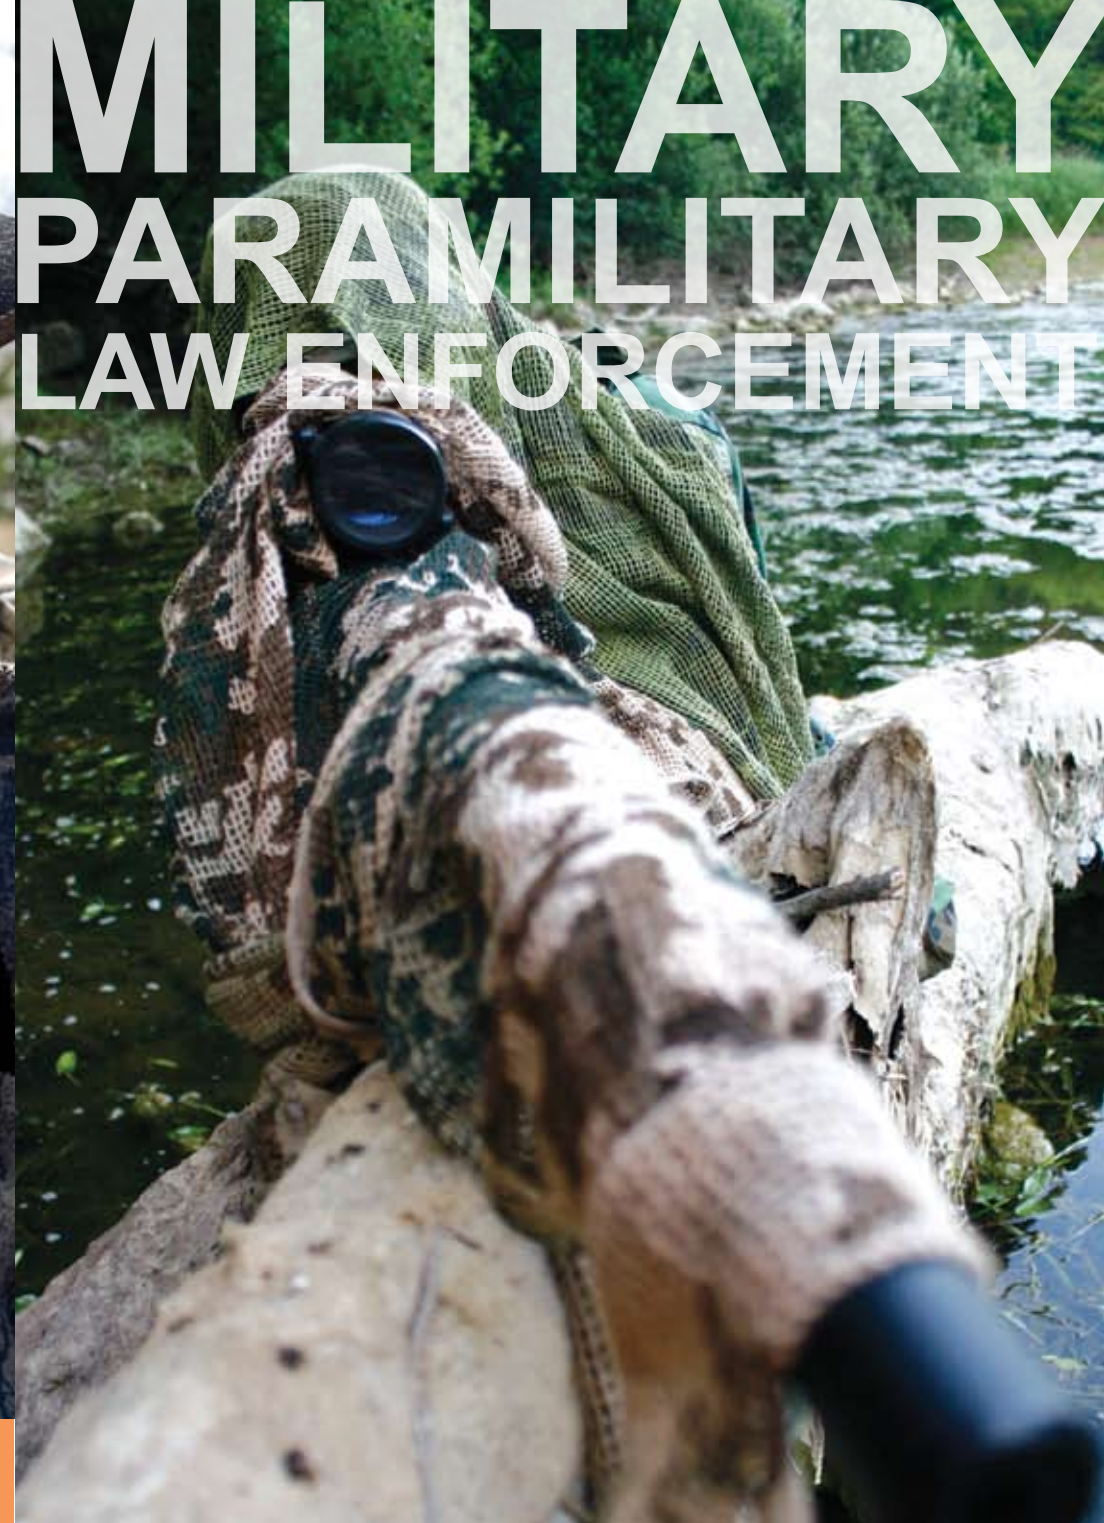

Apex is the leading supplier of fully compliant MIL-C-8061 fabric, style TP21. Short lead times, consistent on-time deliveries, extensive inventory and aggressive pricing have positioned us as the go to source for this high tenacity nylon raschel knit fabric.

We are continually improving the performance characteristics of our military fabrics, and work daily with development teams, and with NATICK, to innovate improved solutions for new and existing products.

Contact us today and discover how we can help you develop the new technologies to give you a competitive edge.
